PREMIUM HORSE CARRIERS BY RAAS CREATIONS

2, 6 & 9

Raas Creations offers a robust range of horse carriers designed for safe and efficient transport of **2, 6, or 9 horses**. Each model is built with precision, keeping comfort and ventilation in mind, and comes equipped with hydraulic rear doors and secure internal partitions to ensure smooth loading and travel.

The **2-horse carrier** is compact (**3000×2000 mm**), ideal for personal use or short-distance movement. The **6-horse carrier** (**9500×2300×2700 mm**) offers a balanced layout with spacious stalls, while the **9-horse carrier** (**11000×2300 mm**) is built for professional logistics, perfectly suited for long hauls and bulk transport.

Whether you're a **stable owner, breeder**, or event transporter, our carriers provide the strength, space, and reliability you need—crafted with quality components and customizable to your unique requirements.
